Experience

Five Ages

Full Stack Engineer

Remote - Europe

Oct 2020 - Present

- Built a property listings platform end to end, including property search, booking flow, user management and backend admin panels.
- Developed a fully custom multistep funnel application, a restaurant search and rating app, and the frontend for a social media analytics and content creation tool.
- Lead the frontend team and mentor junior developers through code reviews and pair programming sessions.

Blacklane

Full Stack Engineer

Berlin, Germany

Oct 2019 - Sep 2020

- Built the user ride booking system from start to finish. Improved the website's accessibility standards to 100% WCAG compliance.
- Helped the team evaluate and select the tech stack for future development. Mentored junior developers on the team.

Dentolo

Frontend Developer

Berlin, Germany

Feb 2018 - Sep 2019

- Built a dynamic user onboarding service and the main invoice management system frontend. Developed the company's public website.
- Led the frontend team and mentored junior developers. The platform I built was a key factor in the company's acquisition.
